📁 PROFESSIONAL EXPERIENCE

2022/10 – present
Amman, Jordan

Software Engineer, *Onex medical* 🔗

Onex serves as a pivotal sales platform for global and local healthcare manufacturers and distributors.

- Collaborated with cross-functional teams to design and implement **robust software systems**.
- **Led multiple end-to-end projects**, from identifying challenges and designing effective solutions to overseeing the seamless implementation of features.
- Using the power of **Vue.js** and **Node.js**, we created high-quality, efficient, and scalable backend and frontend components.
- Actively participated in contributing to **system optimizations** and troubleshooting issues to ensure smooth operation and exceptional **user experiences**.
- **Turning business requirements into a functional application** with a good user experience.
- **Played a pivotal role** in translating complex problems into actionable plans, ensuring the successful delivery of features that significantly contributed to the team's capabilities and project outcomes.

2022/09 – 2023/04
Amman, Jordan

Technical Mentor, *Google Developer Student Club PSUT* 🔗

- Provide insights on the latest technologies, **guiding the younger generation** on their practical applications and benefits.
- Deliver lectures on the significance of **UI/UX** in the modern tech industry, emphasizing its role in driving innovation.
- Actively contribute to events, including **Flutter bootcamps**, offering hands-on guidance and mentorship.
- **Inspire and empower** the next wave of tech enthusiasts with practical insights and skills for success in the dynamic technology landscape.

2022/09 – 2023/04
Amman, Jordan

Event Planner and Logistics, *ACM Student Chapter - PSUT* 🔗

- Actively participate in **event organization** and **decision-making** within the club.
- Spearhead the "**One Hour of Computer Science**" program, aimed at elucidating the principles of **computer science** for high school students.

🎓 EDUCATION

2019/09 – 2023/12
Amman, Jordan

Bachelor in Computer Science, *Princess Sumaya University for Technology* 🔗

📄 CERTIFICATES

- Google UI/UX Design (Coursera) 🔗
- Google Data analytics (Coursera) 🔗
